

# Home Learning Newsletter Reception

Friday 24<sup>th</sup> June 2022

## **This week we have learnt:**

- This week we have learnt about the different ways we can care for our environment.
- We used recycled materials to create flower art.
- We did a school clean up.
- We painted pictures of our ideal environments.
- We introduced the children to doubling numbers.

## **Activity menu:**

### **Get creative**

Can you create a poster to encourage people to recycle their rubbish?

You can include pictures, drawings and text to try and help people to recycle.

### **Get mathematical**

For this weeks maths challenge we would like the children to practice some subtraction at home. Ask your child to find 10 items. Once they have their items ask them to choose how many to take away and find how many they have left. Encourage the phrase 10 take away ... equals.

Challenge: Encourage to write the number sentence to go with their work ( $10 - 3 = 7$ ).

Increase the challenge to 20

You could also practice some doubling too. Encourage the children to add the same amount again to double a number.

## **Don't Forget . . .**

- Our school trip to play avenue is next Wednesday 29<sup>th</sup> June, please ensure you have given consent to this via parentmail. Payments can be made via parentmail or cash can be brought to the school office.
- With the warmer weather sticking around please can we ask that all children have sun cream applied before they come to school and if needs be that it is sent in their bags (labelled) to reapply in the afternoon. Some sun creams do last 8 hours which would be great for lasting the full school day. Can we also ask that all children bring sunhats which are clearly labelled with their names as we will still be using our outdoor learning environments, although in high temperatures it will be advised that we stay indoors during certain times of the day.
- Please continue to send your child with a drinks bottle which can be refilled throughout the day to ensure we stay hydrated in the hot weather.
- Reception class sports day will be held on Thursday 30<sup>th</sup> June **9:15-10:30**, weather permitting. Please wait at the KS2 playground entrance and we will come to meet you as soon as the children are settled on the field area.

**THE MORE YOU GLOW  
THE MORE OTHERS  
GLOW BACK**
